

### Day 01 – Moremi Game Reserve

open 4 x 4 game drive vehicle. You will travel through Maun and onto Moremi Game Reserve. The Moremi Game Reserve offers exciting game viewing. Herds of buffalo and elephant, the shy lechwe, wild dog and cheetah make their home in this tranquil and unspoiled area. At its best Xakanaxa offers all the major predators and antelope, as well as impressive herds of elephant and buffalo. This reserve rates as one of the most beautiful in Southern Africa and both game and birds are diverse and plentiful.

Your private tented camp situated in the Xakanaxa area of the Reserve, awaits you with tea, coffee, snacks and a well-stocked bar. After settling into your spacious, insect-proof tent, lunch will be ready for your enjoyment. ## **Day 04 – Khwai Concession**

Today we move our mobile tented camp to the Khwai concession.

The great inland delta is one of the unique natural areas of Africa. Here the Okavango River spreads out through a sea of papyrus reeds. The water is crystal clear and flows through channels covered with water lilies. The fish eagle is prevalent in the area, as are

a wide variety of herons and other water birds.

We arrive late afternoon to the newly set up Khwai Mobile Camp.

The Acacia and Leadwood lined Khwai River itself is the sole source of water for miles around, and is frequented by a spectacular array of game. This is the raptor capital of Botswana: bateleur, tawny, martial and brown snake eagles line the river bank alongside lanner falcons, not only to drink in this isolated stretch of water, but also to feed on the millions of quilea which flock to the river to quench their thirst. Lion, leopard, cheetah, wild dog and hyena are commonly sighted at Khwai.
